Busy-ness

I'm Wayne Pederson, president of HCJB Global with Lessons for Leaders

Steve Smith, of "The Potters Inn" in Colorado says:

"Busy-ness is the only sin that the church celebrates with gusto."

Most of us wear our busy-ness as a badge of pride. We brag about our full schedules, our Gold status with the airlines, and our hundreds of emails.

But in the Psalms, God reminds us to Be still and know that He is God.

In the Chinese language, when you write the two characters for Heart + Annihilation together, the character means=Busy-ness. Busy-ness produces annihilation of the core of our being.

Try taking the night off. Enjoy a weekend without email. Take that much deserved vacation.

Jesus reminds us to learn the unforced rhythm of grace.

"Lessons for Leaders" is produced via Moody Radio and HCJB Global.
