### FTP Site Maintenance Outage | July 4–7

---

The Moody ITS Support Team has scheduled updates to the Moody Bible Institute data center over the 4th of July weekend. This will begin on Friday, July 4, at 6 a.m. (CDT), and end on Monday, July 7, at 4 a.m. (CDT). During this window, the Moody Radio Affiliate FTP site (<ftp://ftp.moody.edu>) will be intermittently unavailable while core routers are replaced.

Programs for the holiday weekend will be posted in advance, so please plan ahead by downloading all necessary content before July 4.

In addition, the [Moody Radio website](#) and [Affiliate website](#) will likely also be offline during this period. Please access program clocks, schedules and other resources in advance of the July 4-7 maintenance window.

For updates and operational alerts, visit [moodyradio.org/stations/affiliate/alerts](http://moodyradio.org/stations/affiliate/alerts).

## Moody Publishers New Release

---

**Joy—our lifeline and strength through life’s suffering.**

In his newest book, [\*I Choose Joy\*](#), pastor and author Chip Ingram invites you to embrace a joy rooted in God’s unchanging goodness—not your circumstances.

Choosing joy in the midst of difficulties goes against all our instincts. When you look at life through the lens of your circumstances, what happens?

You’re happy when circumstances are good and sad or angry when they aren’t, right? But if you look at your circumstances through the lens of God’s goodness—his power and promises—that’s a higher perspective.

You can’t choose your life’s circumstances, but you can choose how to respond. Join esteemed Bible teacher Chip Ingram on this journey to restore the essential Christian virtue of JOY!

Chip Ingram is available for interviews. To schedule, contact [Janis Backing](#).

## 2nd Quarter 2025 SoundExchange Reports | Available July 15

---

Moody Radio’s 2nd Quarter SoundExchange reports will be available around July 15 on the affiliate website. The reporting window is May 5–18, 2025. If you use Moody Radio Network data, be sure to log/export any local music aired during that period. Final reports are due to SoundExchange around August 14 (exact due date pending). [View Reports](#).

More information is available from [soundexchange.com](http://soundexchange.com).

Past reports can be accessed via:

[ftp://ftp.moody.edu/Resources/SoundExchange\\_Reports](ftp://ftp.moody.edu/Resources/SoundExchange_Reports).

## 2nd Quarter Program-Issues Reports | Coming July 2

---

Moody Radio's 2nd Quarter 2025 Program-Issues Reports will be posted by the end of day, Wednesday, July 2. Reports (Excel and PDF) must be posted to your Public Inspection File by 11:59:59 p.m. ET on July 10, 2025.

Download at [moodyradio.org/affiliates/reports](http://moodyradio.org/affiliates/reports).

Learn more about the Public Inspection File from the FCC:

<https://publicfiles.fcc.gov/>

## Moody Radio Resources Updated

---

New and updated resources available:

- Moody -1 program schedule and clocks effective 06-30-2025 for [Daily](#), [Saturday](#), and [Sunday](#).
- [Tech Specs for SES-2 to SES-11 satellite switch](#)
- More tools for affiliates!

View full resources at: [moodyradio.org/stations/affiliate/resources](http://moodyradio.org/stations/affiliate/resources)

## July 4th Office Closure

---

Moody Radio offices will be closed Friday, July 4 for Independence Day. For urgent operational issues, contact the Network Operations Center at (312) 329-4145.

## Submit Your Prayer Requests

As Christians, we believe in the power of bringing our needs and praises before the Lord. At Moody Radio, we have a dedicated email address where you can share your prayer requests. If our staff can lift you up in prayer, please email us at [prayerworks@moody.edu](mailto:prayerworks@moody.edu).

## XDS-PROS Receivers Now Available

---

With the recent satellite switch from SES-2 to SES-11 now completed, some affiliates have asked about new receiver options to replace their aging model XDS-PRO1Q and/or XDS-PRO4Q receivers originally deployed in 2012–2013.

Many of these receivers are now 13+ years old, and factory repair support for these models ended in 2020. While the new SES-11 satellite feed can still be accessed by

the older “Q” model receivers, this may be a good time to consider upgrading to the current “S” model of XDS receivers.

The [XDS-PRO1S](#) (one audio output) and the [XDS-PRO4S](#) (four audio outputs) digital media receivers include a 256 GB solid state storage drive, an AES Livewire+ port, as well as the familiar DB-9 analog audio output(s), LAN-1, LAN-2 ethernet ports, and DB-37 relay ports. See the tech spec links for each model above.

Most affiliates can proceed with a new XDS-PRO1S single audio output receiver and still have access to both Moody-1 and Moody-2 by using the [XDS Affiliate website](#) for programming and scheduling via the XDS Network Management System.

Moody Radio has several XDS-PRO1S and XDS-PRO4S receivers for sale:

- XDS-PRO1S (one audio output), with 245 GB SSD – \$2,255.00
- XDS-PRO4S (four audio outputs). With 256 GB SSD – \$2,950.00

An additional configuration and handling fee of \$125 per unit applies, plus shipping—prices are subject to change. For more information or to confirm pricing and place an order, email [affiliates@moodyradio.org](mailto:affiliates@moodyradio.org).
